

## Staff Senate Biography

Name: Pam Galindo

Job title Assistant to the Dean – School of Allied Health Professions

School or Division: School of Allied Health Professions

Tenure at LSUHSC: 8 years 9 months

What do you hope the Staff Senate accomplishes and why are you a Senator?

My hope for the Staff Senate is that we serve as a voice for staff concerns, contribute to and shape workplace policies, promote staff recognition, enhance campus culture, and develop meaningful projects that benefit staff and the LSUHSC community. I became a Senator to gain experience in governance and organizational leadership, participate in campus wide initiatives that promote staff welfare, and build relationships with colleagues in other departments on campus.

Why do you enjoy working at LSUHSC?

I very much enjoy supporting administrators, clinicians, faculty, and staff who are delivering health education programs to students and services to patients.
